Slide Number	References and Notes
3	Health literacy has been defined in many different ways by professional groups. The skills listed here are acknowledged by many groups as those needed by adults to manage their health and navigate the healthcare system. See for example: Ruth Parker & Scott C. Ratzan. Health Literacy: A Second Decade of Distinction for Americans. <i>Journal of Health Communication</i> . 2010;15 (S2):20-33. https://doi.org/10.1080/10810730.2010.501094
