

**Take part in the digital age.
Connect. Learn. Enjoy**

The Maine-based National Digital Equity Center (NDEC) connects Mainers to the internet. If you qualify, they can help you get *low cost or no-cost*:

- A tablet to connect to the internet
- A computer if you already have an internet connection
- Free classes to learn how to use your device; and one-on-one help you get on the classes

Aging Well with Technology classes for Mainers 55+ can help you learn about devices, how to avoid frauds, and scams, get the news, play games, and connect with family and friends. Specific classes include:

- Apple Mac Computer Basics and Intermediate
- iPad/iPhone Basics and Intermediate
- Smartphones and Tablets
- Email and the Internet
- Using Technology for Better Health
