at MaineHealth*

**Charles
MacLean, MD**

*Assoc. Dean for
Primary Care,
UVM LCOM*

**Matthew
Siket, MD**

*Assoc. Program
Director, UVM
EM Residency
Program*

Advances in telehealth and the pressures of the COVID pandemic have stimulated telehealth innovation and pushed our health care systems to improve our telehealth capabilities. Join us as experts from Maine and Vermont talk about some recent advances in their respective fields, and best practices in training us all to work with telehealth systems. This panel discussion will provide some highlights and offer plenty of time for audience questions and discussion.

Join Zoom Meeting
