

2023 Annual UNE COM Fall Research and Scholarship Forum

Call-for-Abstracts for Poster Presentations

Online Submission Deadline: Friday, August 25th at 11:59 PM

Research Forum Date: October 13th, 2023

Location: Innovation Hall, University of New England, 716 Stevens Ave., Portland, Maine

This UNE COM Research and Scholarship Forum is intended to share and celebrate the research conducted by our UNE COM students. Preparing and presenting a poster is a skill and the UNE COM Research and Scholarship Committee embraces its mission for advancing research within UNE COM by supporting our students as they conduct and present their research.

Abstract Invitations:

Abstract submissions on Original Research (Basic Science or Clinical Research), Case Studies, or Other Scholarship (e.g. Literature Reviews) that adhere to the abstract submission instructions. Students who conducted research PRIOR to their first year at UNE COM, can present their posters and qualify for awards. COM students may submit data from other institutions with the permission and consent of their research mentor. The top abstracts in the categories of Basic Science Research, Clinical Research, and Case Studies will be chosen for an oral podium presentation at the forum.

Poster Presentation Award Categories:

- Basic Science Research
- Clinical Research

Awards will be presented to first UNE COM student authors receiving the highest scores in each of the Award Categories for poster presentation. In the instance of equal contributions, authors can jointly serve as co-presenting authors but all must be present and submit to judging in order to be eligible to share an award. If only one author performs the presentation, that author will be the sole recipient of any awards. The names of the winners will be announced at the awards presentation at the end of the forum. Winners will also be announced in the UNE Community News and COMpass. All authors who present their research will be sent a citation for their Curriculum Vitae for their participation in the UNE COM Research and Scholarship Forum.

Online Abstract Submission Link:

Please see the abstract instructions, sample abstracts, and the online submission link at:
