San Jose State University

San Jose, CA

The US Department
of Energy (DOE)
and Division of Nuclear
Chemistry & Technology
of the American Chemical
Society (ACS) are sponsoring
two six-week Summer Schools in
Nuclear & Radiochemistry
for undergraduates.
Funding is provided
by the US Department
of Energy.

Fellowships include a \$4000 stipend,

all tuition and fees, transportation to and from the Summer School location, housing, books, and laboratory supplies. Transferable college credit will be awarded through the ACS accredited chemistry programs at San Jose State University (7 units) or Stony Brook University (6 units).

Undergraduate
Summer
Schools

June 17, 2024 through July 27, 2024

Brookhaven National Laboratory

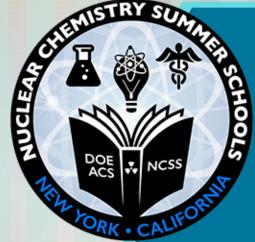

Long Island, NY

Candidates should be undergraduates with an interest in nuclear science who are presently in their sophomore or junior year of study at a US college or university. They should have completed at least two years of chemistry, one year of physics, and one year of calculus. Applicants must be US citizens.

Completed applications must be received no later than February 1, 2024.

Each Summer School is limited to 12 students. Announcement of awards will be made in early March 2024.
